ABOUT HAMPTON ANTIQUES

At Hampton Antiques we specialise in antique boxes and accessories, ranging from rare 18th century Tea Caddies to iconic 20th century Decanters. We are passionate about bringing antiques into the 21st century, and inspiring the next generation of antique buyers.

Established in 1998 by Mark & Sara Goodger, we have many collective years of experience in buying, selling and restoring. We also assist clients in building new or existing collections.

As a business, we are constantly evolving, and our ever changing collections reflect this. It's our belief that antiques can fit with any interior decor. For instance, one carefully chosen antique can enhance a modern, minimalist room, or look equally as beautiful within a collection in a more traditional setting.

This brochure features just a few of the most special pieces from our current collection, all personally selected by Mark and his discerning eye.

As proud members of BADA, CINOA and CADA you can buy from us with confidence.

COUNTRY HOUSE LETTER BOX IN THE FORM OF A SENTRY BOX

Circa 1896

The inside of the door features the famous Army & Navy store plaque. To the front of the box is a silver plaque which reads:

Garrison Rifle Meeting, Gibraltar 1896
First officers, Ninth Open, Championships
5th V.B.S.W.B. Rifle Competition 1900-1901
Second officers

OFFICER'S CAMPAIGN SILVER DRINKS BOX

Brass-bound Mahogany box with campaign flush-fitting carrying handles, with a small handle for a cigar drawer to the front. A lion's crest is engraved on the brass plate to the top of the box which is replicated on all of its contents. It contains an array of silver and glass refreshment receptacles, all encased in royal blue silk velvet. The box is accompanied by its original leather carrying case.

All contents are made by three important Silversmiths: Silver Beaker with gilded rim and interior by "Robert Garrard", London 1803. Decanters, sugar container and tea caddy all by Charles Fox, London, 1840. Pair of Coburg pattern silver teaspoons by George Adams, 1853. Each piece is engraved with the crest of a Lion signifying Bravery, Strength, Ferocity and Valour.

We believe that the box was commissioned to house prized family silver, and possibly given as a present to a family member serving in the armed forces.

Presented to H.J.Davis Esq, For valuable services rendered as
Hons, Sec to the Beaconsfield Habitation, Primrose League No
212 Brighton 1890

Provenance

*The box contains various newspaper clippings which report on Mr Davis
himself and the presentation of the box. Mr Davis was elected Secretary
of the Beaconsfield Habitation of the Primrose League in 1887. In his time
as Secretary he worked hard to recruit new members of the Habitation,
the numbers of which increased from 152 at the time of his election,
to 849 in 1890.*

*The Primrose League was formed in 1883 by admirers of
Benjamin Disraeli with the aim of promoting Conservative Party
principles. Named after Disraeli's favourite flower, the organisation was
founded by the important political figures of Lord Randolph Churchill,
father of Sir Winston, and Sir Henry Drummond Wolff. As a result of its
creation, the Conservative Party entered a new political era in the
mid-1880s, with men, women and, later, children, flocking to join the
Primrose League. By the early 1900s it was said to have one and a half
million members.*
